

**Hosea's House Ministries**  
**RESIDENT POLICIES AND PROCEDURES**

**Resident Responsibilities**

The responsibilities of Hosea's House have been established to insure that we all get along and learn to live with others. We expect our resident to put forth their best effort to work together to create an atmosphere good for one's self, other residents, and the staff.

**TRUST** is the foundation of everything that we do at Hosea's House. We believe that each resident will try to do her very best to work with our staff and other local agencies to accomplish her goals. Before a resident is placed in the home, a background check is to be provided to the staff and references are checked. Potential residents who are in violent and dangerous situation that may pose a threat to our staff or other residents will be referred to the Center for Women & Families in Louisville, Kentucky. Before a resident is placed in the home a Goals Plan will be drawn up for that resident. We will sit down with each resident and write out a plan of strategy to achieve self-sufficiency and a new life for her and her family. If staff deems necessary for resident to receive outside counseling, then it will be mandatory for continued residency.

**Weekly fee:** We do not allow our residents to work for the first 60 days of residency so that they can be immersed into the programs and build relationships within the home. The fee of \$30.00/week is sponsored for them during this time and residents are required to volunteer twice a week as a way to repay the sponsors. **After 60 days,** residents are required to pay the weekly fee. A fee of \$50.00/week is required for food. However, if food stamps are provided, the fee is reduced or eliminated based on the amount of food stamps provided.

**Visitors:** Visiting days and hours will vary for each resident as approved by the staff. All visitations must be scheduled at least one hour prior to the time of visitation. All visitors must come to the door, ring the doorbell, and be introduced to the staff on duty. **All visitors are restricted to the public areas only.** No resident may visit in or sit on a car outside. Male visitors may not be on the premises without the knowledge of or permission of staff member, and then only in living room and dining room areas. **No visitors are permitted to visit a residents' room.** All residents of Hosea's House will be expected to be kind and courteous to all visitors and guests. **RUDENESS WILL NOT BE TOLERATED AT ANY TIME.**

**Security:** No one should accompany a resident anywhere on the premises except to the public areas. A resident should never give their door code to any other individual, including their children. Each resident is responsible for locking her own room door. All doors and windows on the home will be locked and the alarm will be engaged.

**Alcoholic Beverages and Drugs:** Will Not Be Tolerated! A resident will not use, consume or possess any drugs and/or alcoholic beverages. The staff person on duty will document any violation at the time of violation. Violation of this rule will be cause for immediate termination of our services and could involve law enforcement if necessary. **No Exceptions!** Random drug testing will be completed at our discretion. Failure to comply will result in termination from Hosea's House.
